

Response:

Library-

The college has very enriched library in terms of availability of reference and text books. Our library infrastructure comprise of reading room for girls and boys, stack section and PG section. **Book bank-** Book bank facility is provided to economically weak and needy students. Book regarding the syllabus are issued to student at the beginning of the semester and taken back after the completion of semester. A single set of textbook is given to this students depending upon the availability of books. **INFLIBNET facilities-** Library provides e-learning facilities to the students and all faculty members by providing user Id and password. The library has online e-learning facility it has provided 3135809 E- Books and 6237 E- Journals on various subjects. **Question paper bank-** Our library has five years question papers of Arts, Commerce and Science faculties. Student gets benefited to practice before their exams. Library automation- The accession of book is computerized. All the books have the barcode stickers. The separate library cards are issued to all students for issuing text books, journals and reference books on identity only. One separate computer is for library users for the students and teachers to search the books through **OPAC** in the library and through web- OPAC outside the library. The job of issuing the books indexing, report is generated statistically and section wise computerized.
